

TANDYALA RAJU

B.Tech CSE (AI & ML) Student

Portfolio

rajutandiyala369@gmail.com

+91-7569398385

github.com/Rajutandiyala418

linkedin.com/in/tandiyala-raju

Srikakulam, Andhra Pradesh

SKILLS

Languages: Python, C#, Java, C
Web: PHP, HTML, CSS, JavaScript
Databases: MySQL, SQL
Tools: GitHub, OpenCV, NLTK, Tkinter

RELEVANT COURSEWORK

- Data Structures
- DBMS
- NLP
- OOPs
- Computer Networks

PROJECTS

PHP,MySQL,HTML,CSS,JS	Bus Booking Web Application Engineered a ticket booking platform supporting 50+ buses and 500 daily users; integrated real-time seat selection, PDF ticket generation, automated email notifications, and an admin dashboard managing 1000+ bookings, streamlining the booking process.	GitHub Live Demo
Python,NLP,PHP,MySQL	Grammar Correction Tool Designed a grammar correction system using T5 transformer and POS tagging through Flask API; implemented voice output and tracked user history, reaching 95% accuracy across 500+ sample inputs.	GitHub Live Demo
PHP,MySQL,HTML,CSS,JS	Online Book Store (Group Project of 5) Collaborated in a 5-member team to develop a full-stack book store application; developed secure authentication, structured book categories, shopping cart functionality, UPI payment processing, and order status tracking.	GitHub Live Demo
Python,OpenCV,NumPy,Pandas	Underwater Image Enhancement Processed 200+ underwater images with CLAHE and Simplest Color Balance; evaluated enhancement using PSNR, SSIM, and UCIQE metrics to improve visual clarity.	GitHub

EDUCATION

2022 – 2026	B.Tech – CSE (AI & ML), CGPA: 9.12 Specialized in Artificial Intelligence & Machine Learning, with a strong foundation in data structures, algorithms, and software development.	RVR & JC College of Engineering, Guntur
2023 – 2026	Honor Degree in Full Stack Web Development, CGPA: 9.0 Gained expertise in html,css,javascript,ASP.NET Core,.NET Framework, database management (SQL, MYSQL).	RVR & JC College of Engineering, Guntur
2020 – 2022	Intermediate (MPC) – 97.4%	Sri Chaitanya Junior College,Srikakulam
2019 – 2020	SSC – 9.7 CGPA	A.P Model School,Edulavalasa

EXPERIENCE

NITW (Offline)	Intern – ML & Image Processing Researched underwater image enhancement using CLAHE and Simplest Color Balance; presented findings to faculty and documented results.	May 2025 – Jul 2025
Technohacks Edutech (Online)	GUI Developer (Remote) Created desktop applications using Tkinter (calculator, file tools, notepad) to demonstrate GUI functionality in Python.	May 2024 – Jun 2024

CERTIFICATIONS

- Introduction to Natural Language Processing – Great Learning – 2024
- Wipro Talent-Next Program: C# (.Net) Full Stack – 2024
- AWS Cloud Fundamentals – Amazon – 2024

ACHIEVEMENTS

- Maintained a CGPA above 9.0 in B.Tech CSE (AI & ML)
- Completed ML and image processing internship at NIT Warangal
- Designed and launched a full-stack Bus Booking System with real-time seat selection and PDF ticket generation, reducing booking time by 40%.
- Solved over 150 coding problems on LeetCode and HackerRank
- Scored 87% in Machine Learning for Soil and Crop Management certification
- Presented projects to mentors and peers
- Selected for district-level volleyball trials (Andhra Pradesh U-17)
